

ACCURATE & ADVANCED

Long-range UAV for LiDAR & Photogrammetry mapping
Survey, Monitor and inspect

70
Density up to
70 pts/m²

.....

DUAL
LiDAR & photo-
grammetry payload

.....

5
Accuracy down to
5 cm

.....

5
Targets echoes

Expert Line

DT26X LiDAR

LONG-RANGE UAV FOR LASER MAPPING
SURVEY, MONITOR & INSPECT

INDUSTRIES

Geospatial

Agriculture
& Forestry

Power &
Utilities

Mines &
Quarries

Railways &
Roads

Oil & Gas

KEY APPLICATIONS

- Large scale mapping
- Digital surface and terrain modeling
- Powerline digitization & modeling
- Forest inventory
- Vegetation classification
